### AROUND THE TOWN

J. J. Lang was a visitor at Beddington this week.

Council meets on Monday night.

Mr. and Mrs. Kemp of Innisfail, were visiting with Mr. and Mrs. J. A. Findlay this week.

Mrs. J. Huget left for High River on Monday on a visit to friends.

A swell line of the newest in belts and collars just opened at the millinery store.

Don't forget the box social in the Atkins schoolhouse on Friday, October 9th. Programme by local talent.

Mrs. A. Y. McCorquodall (nee alias Elliott) of High River, paid a visit to friends in town last Friday and Saturday.

N. Weicker will ship hogs on the 9th inst. Hogs to be delivered by 11 o'clock that day or day before.

Canadian Order of Foresters meet in the Lodge rooms on Wednesday night next at 8 p.m. sharp; business, initiations. H. E. Jamond, C.R.

1 set disc harrows, 1 mower, 1 set bobsleighs, 1 box heater, for sale cheap, or will take grain in exchange. W. G. Hunter, Alberta Pacific Elevator, Didsbury.

The Ladies' Aid of the Methodist church intend serving sandwiches, coffee and pie in the Jackson Block on the last day of the Didsbury Fair. See ad. next week.

While having a horse shod at one of the blacksmith shops last week P. Vernon was kicked and badly bruised by the horse. He is getting around all right again although very sore.

We all have several pieces of old furniture that we have discarded because the article is soiled and out of repair. W. H. Smith & Sons Campbell's Varnish Stains. We believe that you would be surprised at the effect that one coat would give on old articles. This Varnish Stain comes in all shades. Why not try it?

NOTICE TO YOUNG MEN—A meeting will be held in the Council chamber on Tuesday evening next at 8 o'clock for the purpose of forming a Young Men's Club. It is proposed that the club establish a gymnasium and other recreations for the winter evenings and it is hoped that there will be a large turnout at the meeting.

Just arrived a full and up-to-date line of Infants soft sole shoes. Prices range from 50c to 75c. J. V. Berscht.

The Central Alberta Land Co. have sold the J. W. Jackson property in Didsbury, twice in the last 30 days, the last time Arthur Kennedy, west of town gets it, and in another 30 days it will be sold again, this company can always do business, they have sold more land than any other real estate firm between Calgary and Edmonton, they are a happy lot of triplets.

The Harold Nelson Co. which played here on Wednesday night drew a large audience. The company is a strong one and the presentation of the "Holy City," lost nothing by their acting. The stage was too small for the scenic effects, but the attention of the audience was held from start to finish by the superb acting of the different members. Harold Nelson as "Marius" being especially good.

A Gerz left on Wednesday for Edmonton on a business trip.

S. Wood is now giving the glad hand to farmers at Liebert's elevator.

Due Bills for farm produce taken in exchange for goods at Mrs. Stevens millinery store

The Library concert will be held on October 23rd. Program and a fuller announcement will be made later.

A car of genuine Lethbridge coal for sale each week at \$6.50 per ton, cash, on track. Apply to Stark & Mowers.

Mellihargey Bros. are having extensive alterations made to the Alexandra Hotel office and waiting room. Mack Ryckman is making the alterations.

Mrs. J. W. Jackson gave a farewell five o'clock tea party to the Ladies' Aid of the Methodist church and other friends on Tuesday afternoon last.

Next Friday is Three Hills Fair day and quite a few of Didsbury-ites have signified their intention of being present at the fair. C. Liebert, M.P.R., has the honor of opening the Fair.

A typographical error has been made in the Didsbury Fair prize list in stating that no exhibitors are to be removed from Fair grounds before 5 p.m. of October 15th. This should read "before 5 p.m. of October 18th."

WANTED—100 tons coal, Carbon, Ghost Pine or Three Hill, in exchange for goods.—J. V. Berscht.

A meeting of the Directors of the Agricultural Society is called for this evening to complete preparations for the Fair. The prize list has been distributed and comments on the large amount of prize money to be distributed is heard on all sides, the amount to be expended on prizes is nearly \$2000 dollars. Very few other societies on the C & E offer as much as this.

Mr. and Mrs. F. N. Ballard entertained a number of their friends at a very enjoyable card party on Tuesday evening last in honor of Mr. Ballard's mother and sister, who have been visiting with them for the last few weeks and who left for their home in Ontario on Thursday. About thirty guests were present. W. G. Liesemer won the gentleman's prize, while Mrs. A. Studer and Mrs. (Dr.) Reid tied for the ladies prize, causing them to play off. Mrs. Studer winning the prize.

The Alberta Culvert Co. are meeting with great success in their new venture with steel culverts. They have just completed a large culvert for Carbon, the size of which is 20 feet long and 30 inches in diameter. They are also making two for the north road to Neapolis, one being 12 inches and the other 24 inches in diameter. By all appearances this company will be overhauled with work next spring as the culverts already put in are giving entire satisfaction and will mean a great saving in cost over the old wooden culverts, as they are guaranteed for at least ten years.

The death occurred on Monday morning last of Daniel Good, brother of Jonathan and Moses Good. The cause of death was a weak heart and liver trouble. Mr. Good was 37 years of age. Deceased had been in this country for two years and while of a very quiet disposition had made a host of friends in the short time in which he had lived here. He leaves a mother, five brothers and three sisters to mourn his loss. The funeral took place from the Mennonite church on Wednesday afternoon to the Didsbury cemetery, and was attended by a large cortege of friends and acquaintances.

### Scholarships for the Boys and Girls of Alberta

Alberta College, Edmonton, is offer-  
ing two scholarships to the students of  
grade V and VI of the public schools  
of the province of Alberta. These  
scholarships will be awarded to the  
students who makes the most marked  
progress in penmanship during the  
school year from September 1st, 1908  
to June 1909.

The first scholarship will consist of  
tuition in Alberta College in any  
department to the amount of fifty  
dollars (\$50.)

The second scholarship will consist  
of tuition in Alberta College in any  
department to the amount of thirty  
dollars (\$30.)

The conditions are:—

1. The competitors must be regular  
students in the public schools of  
Alberta, and must have attended at  
least one hundred days of the year  
mentioned above.

2. Each competitor must on or be-  
fore November 15th, 1908, write a  
letter to Alberta College stating full  
name, age, post office address, name  
of teacher, name of school district and  
names of the other members of stand-  
ards V and VI, and making a request  
to be entered on the list of competitors.

3. Each competitor must also sub-  
mit a sample of his penmanship made  
in accordance with instructions in the  
teachers possession. These specimens  
will be collected, certified by the  
teacher to be the work of the student  
done under proper conditions, and  
forwarded by the teacher to Alberta  
College before December 1st, 1908.

4. The final samples, upon which  
the award is to be made, must be  
similarly collected by the teacher, and  
forwarded to the college not later than  
June 10th 1909. These must be ac-  
companied by a certificate from the  
teacher that all the conditions of  
attendance and other requirements  
have been fully fulfilled by the competitor.

In making this offer the college has  
the hearty approval of the Education  
Department of Alberta in its efforts to  
improve the penmanship in the public  
schools. Moreover the successful com-  
petitors will have the advantage of the  
present working arrangement for affilia-  
tion with the new University of  
Alberta if they choose an arts course.

The successful competitors will have  
the privilege of using their scholar-  
ship any time within two (2) years  
after the date of the award.

Signed on behalf of Alberta College,  
J. H. RIDGET, Principal.

### Special Excursion

A special excursion to Spokane is  
being organized by the Board of Trade  
and Exhibition Co., Calgary. Arrange-  
ments have been made with the Cana-  
dian Pacific for a special train to leave  
Calgary at 6 p.m. on October 6th, ar-  
riving at Spokane at 11.30 a.m. on the  
7th, which is Canadian Day at the  
Spokane Fair leaving at 11.30 p.m. for  
Calgary on the 8th. The train will  
have three sleepers attached and those  
who engage a berth can use the same  
while staying at Spokane if they wish  
to. A rate of \$25 return has been  
secured for this trip. Those who wish  
to take in this trip should apply at once  
either to C. H. Webster, secretary of  
the Board of Trade, or E. L. Richard-  
son, manager of the Exhibition Co.,  
Calgary.

### Expect settlement

Winnipeg.—Rumors which have ap-  
parently much creditable grounds say  
that the C.P.R. mechanics strike will  
be settled this week. The men are re-  
ported to have held secret meeting  
lately, when their leaders put before  
them some things in the nature of a  
proposition. Public opinion connects  
this with the statement made last week  
by Lemieux, on behalf of the govern-  
ment, and anticipates an ami-  
cable settlement at a very early date.

### Pork Packing Plant Opened

The present week saw the com-  
mencement of operations at the great  
packing house which has been erected  
to the east of Edmonton by the J. Y.  
Griffin Co., the Canadian branch of the  
Swift firm of Chicago. In order to be  
present at the formal opening on Mon-  
day last, Mr. E. F. Swift came through  
from Chicago on that day, accompa-  
nied by a large party, including Col. A.  
D. Davidson of Duluth, Edward Til-  
den of Chicago, A. B. McRae, Winni-  
peg, Senator Jansen of Nebraska and  
others. A large number of Edmon-  
ton citizens were also in attendance  
when the big plant was set in motion.  
Over five hundred hogs were in the  
yards waiting to be disposed of.

The event is an important one in  
the history of Edmonton. There is  
no question that the industry, which  
has involved an expenditure of up-  
wards of a million dollars, will prove a  
source of great economic strength to  
the city. Subsidiary concerns for  
handling the by-products are already  
being projected and we shall, in  
the course of the next few years un-  
doubtedly see a great transformation,  
as a result of this enterprise, parallel to  
that which has occurred in other parts  
of the continent where packing house  
centres have been established. Indus-  
trial Edmonton is now making its  
bow to the commercial world.—Ex.

Headache, womanly pains, any pain, any-  
where, in 20 minutes sure. Formula on the  
25c. box. Ask your druggist or doctor  
about this formula—it's true. Sold by  
H. W. Chambers.

### Things to Forget

If you see a tall fellow ahead of a crowd  
A leader of men marching fearless and  
proud.  
And you know of a tale whose mere  
telling aloud  
Would cause his proud head to be in  
anguish be bowed,  
It is a pretty good plan to forget it.  
If you know of a skeleton hidden away  
In a closet and guarded and kept from  
the day  
In the dark; and whose showing,  
whose sudden display  
Would cause grief and sorrow and  
lifelong dismay,  
It is a pretty good plan to forget it.  
If you know of a thing that will darken  
the joy  
Of a man or a woman, a girl or a boy,  
That will wipe out a smile, or the least  
way annoy  
A fellow, or cause any gladness to  
clay,  
It is a pretty good plan to forget it.  
—Ex.

## Provincial Notes

Father Lacombe is making an appeal to the people for funds to erect a home for the destitute poor of Alberta. P. Burns has donated 200 acres of land for that purpose at Midnapore.

Another change has been made in Innisfail newspaperdom, the Innisfail Province having absorbed the Free Lance. The Province is an independent paper published by Geo. R. Westland who is now the only enterprising journalist in that town.

Lacombe fair will be held on October 6th and 7th.

Clarence Gilmouth of Alix has taken a contract from the C.P.R. to extinguish a fire in their coal banks that has been burning for years. The work will be watched with interest, if he is successful it will mean a great saving of valuable coal.

It is expected that the civic mortality at Calgary will be in readiness for the winter. The structure is arranged with a chapel in which to hold services, and in the basement space has been provided for 80 caskets.

Ira Johnston, a young man about 24 years of age was severely injured Thursday morning at the Coray farm while he was assisting running a threshing machine. His clothes caught in a pulley and he was whirled around three or four times. One arm was broken, his head received a bad bruise and one leg was severely bruised. He will be laid up for some time. —Carstairs Journal.

Howard Douglas, of Banff, commissioner for Dominion Parks, has gone south to Montana to prepare for rounding up of the remainder of the Pablo herd of buffaloes. There are about 250 left and they will be taken to Wainwright on the G.T.P. by way of Lethbridge, Regina and Saskatoon, and placed in the Buffalo Park at Battle River.

Jas. L. Brewster was nominated for the House of Commons by the Independent convention at Bowden last Tuesday. Mr. Brewster who is in Edmonton has not intimated whether he will accept.

Innisfail fair will be held on October 8th and 9th.

One of the most expensive fires Calgary has had for some time happened on Friday in the Standard Soap works. The blaze got a good start before the brigade could reach the place and it is estimated that the loss will run anywhere from \$35,000 to \$50,000. The loss is covered by insurance.

The corner stone of the new Calgary hospital will be laid on Saturday afternoon.

The Alberta University was opened at Strathcona on Wednesday. All the members of the faculty were present to receive the students.

L. Sherman, the young son of F. H. Sherman, of Talbot, president of District 18 of the United Mine Workers of America, who is totally blind, recently made the trip from Alberta all the way to Brantford, Ont., unaccompanied. He has gone east to attend the school for the blind at Brantford.

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach, means weak stomach nerves, always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoep's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the falling "inside nerves". Anyway test the Restorative 24 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by H. W. Chambers.

## Berlin

There was a large turnout at the political meeting last Wednesday night. Senator Talbot is a strong party speaker. He thoroughly thrashed out the land question and explained the benefit of Dominion ownership of public lands. Strong arguments in favor of Government ownership of the Hudson Bay Route and pointed out the benefit of having two outlets of trade, namely the St. Lawrence and Hudson Bay Routes. Last of all Mr. Talbot spoke of the Immigration Policy of the Liberal Party after which a hearty vote of thanks was rendered to Mr. Talbot.

## Do You Know Wheat.

It is seldom that a threshing outfit, or a piano, or a drill, or a buggy, or a cream separator, or any of a long list of valuable prizes can be obtained through accurate knowledge of wheat; knowledge that every western farmer possesses.

The Nor'-West Farmer has selected five pounds of No. 1 Northern Wheat from the office of the Chief Grain Inspector. This wheat has been carefully weighed by the Dominion Inspector of weights and measures, and placed in a glass jar, and this has been sealed by him. This jar has been placed in the safe deposit vaults of the National Trust Co., Winnipeg, whence it will be taken out and returned on April 1st, 1909, by a committee of three judges in no way connected with the Nor'-West Farmer.

In the meantime you are invited to estimate the exact number of whole kernels in this comparatively small quantity of grain. The person making the estimate that is nearest correct, and making it first, will receive a complete threshing outfit, worth \$3000. The second will receive a piano worth \$400; third a drill worth \$135; fourth a buggy worth \$110, etc. We can only begin to enumerate the prizes, there being more than 220 in all.

All that is necessary to record an estimate is to become a subscriber, or if you are a subscriber, to renew your subscription. By a special arrangement, our subscribers are given the full advantage of this offer. You can get the Didsbury Pioneer and the Nor'-West Farmer together for \$1.75 and have the privilege of recording an estimate just the same as if you were subscribing merely for the Nor'-West Farmer which alone would cost you one dollar. You know the Didsbury Pioneer as the best weekly newspaper in Alberta, and the Nor'-West Farmer to be the best weekly newspaper in Canada.

It should happen that you didn't, you would be getting splendid value for your subscription money anyway. It is to your interest to record your estimate right away, because in case of a tie the first nearest correct estimate received is given the award. We can give you more detailed information if you call at this office.

Tickling or dry Coughs will quickly loosen when using Dr. Shoep's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoep tells mothers to use nothing else, but for very young babies. The wholesome licorice leaves and tender stems of a long branching mountain shrub give the curative principle of Dr. Shoep's Cough Remedy. It cleans the cough, and leads the sensitive from chronic membranes. No opium, no chloroform, and no harm to the system. Demand Dr. Shoep's. Accept no other. Sold by H. W. Chambers.

## A Danger

During the past year and a half there has been a good deal of stirring of the mud in the live stock market puddle. Not only have two commissions been at work, but our live stock associations have been prying into the market question, and individuals have been expressing opinions with considerable freedom. This is all very good and we hope that it may ultimately lead to some real reforms being effected. In the meantime there is a danger that accompanies all this process of agitation. Most of the opinions being expressed by farmers lead to the conclusion that the live stock industry is not on a good paying basis. We believe that in a certain measure this is true. Yet we should be very sorry to see our live stock industry fall off in any way because of a pessimistic interpretation of the evidence that stock raisers have been offering. Farmers, taking the market prices of grains as a basis, may figure out a loss on beef and pork below a certain figure which is higher than the prices current, but it still remains a fact that the most enduring and safest agriculture is reached only when stock raising is carried along as an important adjunct to grain production. No matter if the old sow and her litter do not seem to make a \$1.00 a bushel out of wheat and 55 cents a bushel out of barley, it is a dangerous thing to say good-bye to them. Let the process of investigation go right along, but in the meantime let us not forget that live stock pays dividends in more ways than one.—Ex.
